

Avast Premium Security (Multi-Device)

Our most advanced, comprehensive protection for all your devices.

Windows

With light-speed behavioral analysis and one of the world's largest threat-detection networks on your side, our antivirus provides you with premium protection.

Mac

Our custom-built Mac security blocks malware, malicious websites, and unsafe email attachments in real time, and even warns of threats to your home network.

iPhone and iPad

Our iOS app packs a VPN for secure Wi-Fi browsing from anywhere, an encrypted vault for unlimited private photos, and Identity Protection to detect leaked passwords and protect your identity.

Android phone and tablet

Our feature-packed Android app includes anti-malware protection, Web Shield for safer browsing, File Scanner which detects security threats, remote anti-theft controls, and so much more.

MINIMUM SYSTEM REQUIREMENTS

PC: Windows 11, 10, 8.1, 8 or 7 (SP1)
Mac: macOS 10.11 (El Capitan) or later; Intel or Apple Silicon
Android: Google Android 6.0 or newer. iPhone/iPad: iOS 12.0 or newer
Internet connection to download, activate, and maintain application updates.

At home or on the go, we've got you covered

Avast Premium Security protects you on your desktop, laptop, phone, or tablet. Here's what's included:
