

Avast Ultimate (Multi-Device)

The ultimate protection, privacy, and performance bundle for Windows, Mac, Android, and iOS.

Ultimate protection

At home or on the go, you're protected by one of the world's largest threat-detection networks and real-time scanning to keep your devices free of viruses, ransomware, spyware, and other threats.

Ultimate privacy

Hides your online activities from hackers, trackers, online retailers, and snoops so they won't know your location, what sites you've visited, or your interests.

Ultimate performance

Speed up, clean up, and revive your PC. Remove junk and duplicate files to free up disk space for your Mac. Tidy up your photo galleries and boost your Android's battery life. All in a matter of minutes.

Ultimate convenience

Get the very best of Avast in an easy, feature-packed bundle. A single subscription protects your devices and keeps them running as smoothly as the day you bought them.
